

**Sportsman's World Recreational Association**

**Airport Policy**

**January 10, 2009**

Part of the common area of Sportsman's World Recreational Association includes a private airport for the exclusive use of Sportsman's World property owners and their guests. This is a 4,400 foot hard-surfaced north-south runway that is depicted on the CG-21 World Aeronautical Chart. Coordinates are latitude 32 49.27 and longitude 98 28.72 at an elevation of 1,014 feet.

Parking space is available mid-field on the west side of the airstrip. Existing hangars and the adjacent ramps are individually owned and for private use only.

Facility use is at the user's own risk. Sportsman's World assumes no responsibility for accidents or mishaps of any kind.

Please contact the Sportsman's World Recreational Association office to provide your name, driver's license and pilot's license information, as well as the make, model and tail number of your plane. This information is also required for any guests whom you approve for use of the airport facility.

Sportsman's World Recreational Association  
6020 Hell's Gate Loop  
Strawn, TX 76475
